SEAWIDE DISTRIBUTION OPENS NEW LOGISTICS CENTER IN THE NORTHEAST

Seawide's Third Distribution Center Reduces Shipping Times

Murrieta, Calif. – Seawide Distribution, a leading nationwide wholesale distributor of outdoor products, boat systems, consumer and marine electronics, announced today the opening of its new distribution and logistics center in Youngwood, Pennsylvania. The addition of this Northeast location, its third logistics center in the United States, enables Seawide to deliver ground shipped orders to more than ninety-percent of its customer base in just one or two days.

Perfectly situated in southwest Pennsylvania, Seawide's new 15,000 square-foot location allows the company to better service its core marine customer base in the Northeast, Mid-Atlantic, and Midwest. The additional warehousing space also serves to support the continued expansion of its rapidly growing eCommerce segment throughout the country.

“Seawide has always focused on providing our customers with the highest level of customer service and convenience,” said Keith Wansley, president, Seawide Distribution. “The new Pennsylvania facility will allow us to reach new customers, provide faster delivery times, and increase value for our existing customers.”

The new Youngwood, Pennsylvania, distribution center complements Seawide's existing locations in key markets, including Murrieta, California, and Sarasota, Florida. Seawide also maintains a Will Call center in Costa Mesa, California.

Seawide's Pennsylvania distribution center will be fully stocked and operational in April. For additional information on Seawide Distribution visit www.seawide.com.
