

TECHNICAL SERVICE BULLETIN
Document Number: TSB-N2KView_5.1.12
Date: March 26th, 2018

Release to Manufacturing: N2KView® Version 5.1.12

Maretron announces the release of version 5.1.12 of the N2KView® NMEA 2000® Network Display Software.

The corresponding PC version of N2KView is version 6.0.3 which is available from <http://www.maretron.com/downloads>, under the "Software Updates" category.

N2KView 6.0.3 is also available for the TSM800C, TSM1330C, and MBB300C platforms as a full install by contacting support@maretron.com. Other platforms may be upgraded to version 5.1.12, either through the automatic update process, or by downloading an installer for the upgrade from <http://www.maretron.com/downloads>.

The previous stable release of N2KView was 5.1.8. For this reason, this TSB will list the changes in N2KView from version 5.1.8 to version 5.1.12.

The full build number of the version is 5.1.12.20180326
