## WM-4 SiriusXM® Weather/Audio Receiver Now Shipping

We are pleased to announce the SiriusXM® Marine Weather/Audio Receiver is now shipping.

Recently announced 20.0 software upgrades enabled WM-4 Receiver compatibility for Simrad NSS evo3, NSO evo3S\*, NSO evo3, as well as Lowrance HDS LIVE and HDS Carbon displays. Compatibility for B&G displays will soon be enabled when that 20.0 software upgrade is announced and available. \*Current NSO evo3S software (19.3.63.1.206) is compatible with the WM-4.

All displays noted must be upgraded to the 20.0 software for compatibility with WM-4. The links below will take you directly to the Lowrance, Simrad and B&G download pages.

### Lowrance

**B&G (not yet released as of May 27, but expected in the near future)**

<http://downloads.bandg.com/>

With the WM-4 and an active SiriusXM® Marine Satellite Weather subscription, boaters in the Continental U.S. and Southern Canada can access up-to-date, detailed weather forecasts, weather radar, lightning, storm warnings, sea surface temperature and much more, all delivered directly to the WM-4 Satellite Weather receiver.

The WM-4 system overlays weather information onto the chart to keep boaters weather aware for safer navigation. Additionally, the WM-4 offers access to more than 140 SiriusXM® radio channels at a discount, when an audio subscription is added to a weather subscription.
