Seawide Website Scheduled Maintenance

Dear Seawide Customer,

We want to make you aware that this Saturday (01/19) at 10:00 AM EST, there will be scheduled down-time for approximately 4 hours. We will be using this time to add more capacity to our infrastructure and speed up our overall service. To ensure uptime and stability of the platform, we are performing this upgrade on our infrastructure during the weekend so that we can ensure a smooth transition. During this maintenance window, the Seawide.com website will be inaccessible. All operations around the platform, including on-line order placement and processing will resume immediately after the maintenance window. We appreciate your patience and understanding. As always, if you have any questions or issues, please contact us at. sales@seawide.com
